Non illum rabies minceq; ponti
Ucisum fundit agitantis estum
Nec rupis quoticns uagus camins
Torquet fumificos ueseus ignes.
Haud celsas solui timet turres
Arcentis uia fulminis mouebit.
Quo tantum miseri seuos trahunt
Mentes sine uiribus furentes?
Nec species aliquo nec timescas
Scarmaucis impotentis iram.
At quisque timidus pauet ul'optat
Q' non sit stablis suiq; uiris
Abiecat clipeum .lecoq; motus
Nectit qua ualeat trahi catenam.
