Cecubuer prelo domitam caleno
Tu bibes uvam· mea nec falernae
Temperant vites· neq formidatu pocula colles

Laudes ad
Horu virg,
pueros

Dianā tenere dicite virgines·
Intonsum pueri dicite cynthiu·
Latonamq supremo dilectā penitus iouī,
Vos laetam fluvius, nemorum coma
Quecumq; aut gelido prominet algido
Nigris aut erimanti silius· aut uiridi gragi,
Vos tempe totidem tollite laudib;
Natalemq, mares delon apollinis·
Insignemq; pharetra fraternaq, humeru lyra
Hic bellum lacrimosu hic miseri famesq
Pestemq apopulo & principe cesare
Persasaq bruannos/ Vtā ee ereu
Vtā motus ager prece; innocenciā cuiq;
Integer uitae scelerisq purus·
Non egget mauris iaculis nec arcu·
Nec uenenatis grauida sagittis· fusce pharetra
Sive pyrrus it estuosus
Sive facturus per inhospitalem
Caucasu· uel quā loca fabulosus lambit hydaspes,
Namq me silua lupus in sabina
Dum meā canto lalagen et ultra
Terminu curis uagor expeditus fugit inermē,
Quale portentu neq neq militaris
