Quartodecimi libri

Que motus alto stat iugo
Alacrem sine radicibus
Defixa · mitens fortiter
Ventos et imbres no timet
Assumit hinc plus virium
Illuc plus in ymo se locat
Concussa venti turbine
Sic spes fovens temptamina
Mittens in metu sua
Dum tanti incedunt hymni
Sic vale in altum surgit
Status illico perit
Nunc collocat supco
