Nunc Senatori barbiturus vultusque serenos
Crassi et Xenoriatis sarcum frontesque Catonis
Squallentemque deret barbam obsurgere verum
Nemo vel infectas rotto vel mucrone vestes
Induat ostrini nemo ligetque rotoris
Vestimenta gerat vio fulvo splendat auro
Corpus ne digitos oneret rochrumulus aures
Ner premat anulos adamas viridique smaragdi
Pumpeyus rome sit rinuly emula barba
Non resupatis inredat fossia hirtis
Nullaque pigmentis linat os aut labia obrect
Non matrona potens gemmata monilia
Ner segmenta ferant aut lutea flamea spose
Her est illa dies qua per tormenta laboris
Mille alapas mille et rolapsos quinia mille
Mille flagellifros toctoes berbera mille
Et ventitorum ludibria vudorum
Ille opifex verum christus mundique roparis
Conditor ecclesiae et memorabilis auctor
In nuce suffecis manibus pedibusque pepedit
Spinea sceta gerens mineraque potula gustans
Funesta dies o lamentabile tempus
