desublima dignitate cadere ;
Quia ruina quo altior fit eo maiorem
sonitum facit ;
Sic & ruina epi quo magis de nobilitate
tur eo amplius infamatur ;
Honor quidem episcopalis coram
hominibus preclarus ē sed si rui
nam sustinuerit multo maius
dolor erit ;
Nam quantum preceteris gradus
episcopalis ē altior tanto per
negligentia ruina ē grauior ;
Magna sublimitas magnam debet
habere cautelam ;
Honor grandis grandiori debet solli
citudine circumuallari ;
Quia cui plus creditur plus a eo
exigitur ; & alibi.
Potentes potenter tormenta patiuntur ;
Et sciens legem & non faciens ea
peccatum ē grande ;
