Hic vbi vim passus vemo delatus i aulam
Tusita si fuerit lugnea cauda michi
Visus et acupiter qñ vsant m aula
Inter sunt regũ consilijs qs duas
Hys loca secreta strepitu carencia vlgi
Et ppe a turbis incolui esse datur
Qnãpiõ i thalamo priti statuit m alto
Vt de sublimi multa videre queant
Angulus eo tremus talam lotus aptus agendi
Phebus m oculos intitulatur eos
Illic consilia crebro caput iniqua
Illic temptãi pessima sepe solent
Vbacor inter pueros simt qs puellas
Angulus e aula nox tenebrosa deos
Hic solet abscondi furtiu qsd rentre soluto
Egrediens tempus vim tulit et aĩ suu
Hic quoqs consuevit fieri confessio nulli
Facta sacerdotũ nec faciada reor
Hic attonita latet longo cassita labore
Hic qs nouitatis caremã drea vigent
Vt puer accipiter vemeõ de nocte pfunda
Visitet infirmu postulet ille lotus
Hic lotus asmaticos curat sanat qs caducos
Et facit i nocte sepe vemee diem
Nec ugit loca sũt quibus e odiosa lucna
Et vtq tutus primia laudis hnt
Visus et accipit loca qs mala fca secunt
Sm bene noverit quic sit et vnde loquar
